NOTES TO OFFERORS:

Note 1: All questions regarding this solicitation should be submitted in writing as soon as practicable after receipt of solicitation. Questions may be forwarded via facsimile to (360) 396-7036 or via E-Mail to powersm@kpt.nuwc.navy.mil.

Note 2: The Rack Assembly has successfully passed the Environmental tests listed in Section 3.6 of the "System Specification for the Phase 1 Naval Fires Control System PRF WS 33539 NFCS-SS Ref F, dated 23 May 2003". The bidder may request to substitute other Commercial of the Shelf (COTS) item than those items listed on the drawing. All proposed substitute items are required to successfully pass all environmental tests listed in the above document. The contractor shall be responsible for all costs associated with environmental tests to qualify substitute components.

Note 3: All of the drawings listed as attachments will be provided under separate cover in accordance with the requirements stated in "5252.227-9401 Notice Regarding the Dissemination of Export-Controlled Technical Data," "5252.227-9402 Qualified U.S. Contractors for Export-Controlled Technical Data," and "Instructions for Obtaining Export-Controlled Technical Data" and completion of Attachment 2, DD Form 2345, Military Critical Technical Data Agreement.

Note 4: As noted in the clause entitled "Compliance with Specifications," any exceptions or deviations to the Government specifications must be clearly identified in a cover letter and submitted as part of your proposal. If deviations are proposed, the

COMPLIANCE WITH SPECIFICATIONS

In order to ensure compliance with all the specification requirements, the contractor shall indicate in its offer, and notify the Government in a cover letter, what specifications, if any, the offeror does not intend to meet. The offeror shall explain, in detail, how any proposed deviation/exception will nonetheless meet the Government's functional requirements. Should descriptive literature be supplied by the offeror, it will be presumed that the offeror intends to meet all of the specifications, regardless of the descriptive literature, unless the offeror specifically notes its exceptions.

It shall be the obligation of the contractor to exercise due diligence to discover and to bring to the attention of the Contracting Officer at the earliest possible time, in writing, any ambiguities, discrepancies, inconsistencies, or conflicts in or between the specifications and the applicable drawings or other documents incorporated by reference herein. Failure to comply with such obligation shall be deemed a waiver and release of any and all claims for extra costs or delays arising out of such ambiguities, discrepancies, inconsistencies and conflicts.

PREPARATION FOR DELIVERY (COMMERCIALLY PACKAGED ITEMS)

Preservation, packaging, and packing shall be in accordance with ASTM-D-3951 (most current edition), "Standard for Commercial Packaging." The unit pack quantity that applies to items under this contract is "Industry Standard".

INSPECTION AND ACCEPTANCE (DESTINATION)

Inspection and acceptance of the supplies or services to be furnished hereunder shall be made at destination by the receiving activity.

52.211-8 TIME OF DELIVERY (JUNE 1997)

(a) The Government requires delivery to be made according to the following schedule:

Required Delivery Schedule		
Item No.	Quantity	Within _____
0001	10 EA	10 Weeks After Date of Contract
0002, 0003, 0004, 0005	10 EA	10 Weeks After Date of Option Exercise

The Government will evaluate equally, as regards time of delivery, offers that propose delivery of each quantity within the applicable delivery period specified above. Offers that propose delivery that will not clearly fall within the applicable required delivery period specified above, will be considered nonresponsive and rejected. The Government reserves the right to award under either the required delivery schedule or the proposed delivery schedule, when an offeror offers an earlier delivery schedule than required above. If the offeror proposes no other delivery schedule, the required delivery schedule above will apply.

Offeror's Proposed Delivery Schedule		
Item No.	Quantity	Within _____
0001	10 EA	____ Weeks After Date of Contract
0002, 0003, 0004, 0005	10 EA	____ Weeks After Date of Option Exercise

(b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date, the offer will be considered nonresponsive and rejected.

PROOF OF DELIVERY

If United Parcel Service (UPS) or Federal Express services are used for transportation, each package must have a unique package identification number. The Government will not consider the manifest as proof of delivery unless each package can be uniquely identified. Acceptance will occur only after the Government can verify actual receipt of the contract items--packaged, marked and labeled as required elsewhere in this contract.

A "Qualified U.S. Contractor" is a private individual or enterprise (hereinafter described as a "U.S. Contractor") that, in accordance with procedures established by the Under Secretary of Defense for Research and Engineering, certifies, as a condition of obtaining export-controlled technical data subject to the Directive from the Department of Defense, that:

The purpose for which the data are needed shall be described sufficiently in such certification to permit an evaluation of whether subsequent requests for data are related properly to such business purpose.

(3) The U.S. Contractor acknowledges its responsibilities under U.S. export control laws and regulations (including the obligation, under certain circumstances, to obtain an export license prior to the release of technical data within the United States) and agrees that it will not disseminate any export-controlled technical data subject to the Directive in a manner that would violate applicable export control laws and regulations.

(4) The U.S. Contractor also agrees that, unless dissemination is permitted by the Directive, it will not provide access to export-controlled technical data subject to the Directive to persons other than its employees or persons acting on its behalf, without the permission of the DOD component that provided the technical data.

(5) To the best of its knowledge and belief, the U.S. Contractor knows of no person employed by it, or acting on its behalf, who will have access to such data, who is debarred, suspended or otherwise ineligible to perform under U.S. Government contracts; or has violated U.S. export control laws or a certification previously made to the Department of Defense under the provisions of the Directive.

INSTRUCTIONS FOR OBTAINING EXPORT-CONTROLLED TECHNICAL DATA

An offeror may not receive export-controlled technical data, which are specified in this solicitation, unless it is a qualified U.S. contractor as defined in clauses 5252.227-9401 and 5252.227-9402. See clause 5252.227-9402 for instructions on becoming a qualified U.S. contractor. Questions about this program or DD Form 2345 should be addressed to United States/Canada Joint Certification Office, Defense Logistics Information Service, Federal Center, 74 Washington Ave. North, Battle Creek, MI, 49017-3084, (616) 961-4358 or (800) 352-3572.

If an offeror is a qualified U.S. contractor and needs a copy of the restricted technical data, it must request a copy by written letter certifying that it is a qualified U.S. contractor and enclosing a copy of the completed DD Form 2345. (The DD Form 2345 is issued for a period of five years and must be renewed if older than five years.) That letter must be received by the Contracting Officer within 5 days after the solicitation issue date. If it is determined necessary (and if time permits), an additional 5 days will be added to the closing date if any requests are received. An amendment to this effect will be issued, and if not issued, offerors shall assume no requests were received and the original closing date applies.

SINGLE AWARD FOR ALL ITEMS

Due to the interrelationship of supplies and/or services to be provided hereunder, the Government reserves the right to make a single award to the offeror whose offer is considered in the best interest of the Government, price and other factors considered. Therefore, offerors proposing less than the entire effort specified herein may be determined to be unacceptable.

52.212-2 EVALUATION-COMMERCIAL ITEMS (JAN 1999)

(a) Award under this effort will be made to the technically acceptable offer which provides the best value to the Government, technical, past performance, and price considered. In determining the best value to the government, a trade-off analysis of the relative benefits of technical, past performance, and price will be performed, if necessary. Inherent in the trade-off analysis process is the assessment of risk, and its impact on contract performance. The following factors shall be used to evaluate offers:

1) **Technical Acceptability** - In order to be determined technically acceptable, offers must meet or exceed the specifications in the solicitation and any subsequent amendments. (see Proposal Submittal Requirements) **The offer must be determined to be technically acceptable before further consideration.**

2) **Price** - Evaluation of price will include the following factors:

- (X) Single Award evaluation per the Single Award For All Items Clause
- (X) HUBZone Small Business preference per FAR 52.219-4
- (X) Evaluation of Options per paragraph (b) of this clause.

SF1449 CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00253-04-Q-0105	PAGE 21	OF 21
NAME OF OFFEROR OR CONTRACTOR			

- (X) Buy American Act and Balance of Payments Program evaluation per DFARS 252.225-7021

3) Past Performance - Evaluation of past performance information (see Proposal Submittal Requirements) will include, but not be limited to, relevance and extent of previous contracts, quality and conformance of product/services to specifications, timely delivery and customer satisfaction. Information utilized will be obtained from contractor references as well as any other sources which may have relevant information. Contractor references that cannot be contacted will not be considered. An offer with no relevant past performance history may not represent the most advantageous proposal to the Government.

4) Delivery: Offerors must meet the required delivery date.

5) Other:

- (X) Must meet size standard per FAR 52.219-1, if a set-aside.

Past performance is equally as important as price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

PAST PERFORMANCE WORKSHEET

The Government highly prefers that you submit your company's five most recent references (relevant to the requirements outlined in this solicitation document), all of which should be Government references. The Government references should be a Contracting Officer (CO) and a Program Manager or equivalent. Relevance is determined by considering the products provided, dollar value, period of performance, and worldwide delivery and warranty support capabilities. Attached is the Past Performance Questionnaire that must be submitted with your offer. In addition, discuss any contractual vehicles (contracts, delivery orders, etc.) terminated for default by a CO affecting your company within the past five years. Also, describe all instances in which your company has ever been the subject of, or party to, a proposed debarment/suspension case and the outcome. Failure to comply with these instructions may result in elimination from further consideration.

SPECIFIC INSTRUCTIONS

1. Mark only one box. Mark "REVISION" (of a previously accepted submission) to show revised information, such as addresses or business description.
